1.

Enjoy a soft, aerated water flow while saving water significantly with the 1.5 GPM Water Saving Faucet Aerator by NEOPERL. This Water Sense-certified aerator is a fantastic gift that can save up to 30% water compared to a standard 2.2 GPM aerator. This water-wise gift boasts a dual thread with a sleek chrome finish and an anti-liming Honeycomb screen.

*Can be found at your local hardware store or online retailer for around \$5.98*

**NEOPERL Faucet Aerator**

2.

Conserve water at home with a Toilet Tank Bank. The Toilet Tank Bank is an effective, maintenance-free, and user-friendly way to save water. This water-wise gift installs easily into most standard toilet tanks and saves approximately 80-160 oz. of water per flush by preventing a toilet tank from filling to the top. With less volume in the tank, water is saved every flush.

*Can be found at your local hardware store or online retailer for around \$11.75*

**Toilet Tank Bank**

3.

Sleek and stylish, matte black, touchless sensor, and outstanding water flow. This kitchen faucet boasts an outstanding 1.8 GPM water flow rate, is an affordable gift that will give any kitchen a water-wise upgrade, and with its FastMount system installation is quick and easy with this Glacier Bay Vazon Kitchen Faucet.

*Can be found at your local hardware store or online retailer for around \$79.88*

**Glacier Bay Vazon Touchless single-handle pull-down sprayer faucet**

4.

Take away the guesswork with the Hydro Crunch 3-in-1 Soil Meter. Easily check water needs for plants and soil, quickly check soil PH, and test for adequate sunlight, in one easy-to-use device. Above all, this water-wise gift helps conserve water by ensuring users never over/under water their plants again!

*Can be found at your local hardware store or online retailer for around \$5.98*

**Hydro Crunch Soil Moisture Meter**

5.

Water-wise plants and veggies are a beautiful gift for anyone as they are low-maintenance and make a great addition to any home, backyard, or garden. Switching to water-wise landscaping and homegrown veggies is also an amazing way to conserve water while maintaining a gorgeous garden. If you're in a pinch, a gift card to your local plant nursery, where folks can buy water-wise plants makes a fantastic gift.

*Can be found at your local hardware store or plant retailer for around \$6~100+*

**Water-Wise Plants and Veggies or Plant Nursery Gift Card!**

6.

Give new life to single-use plastic bottles and save water with the HydroSpike Dripper. This automatic watering system is an amazing gift with its deep root watering system, no fuss design, and customizable drip drop flow. Never waste water by overwatering again!

*Can be found at your local hardware store or online retailer for around \$12.95*

**Hydrospike Dripper**

7.

The Shower Water Catcher makes reducing household water waste practical, easy, and convenient! This water-wise gift catches the “cold startup water” that occurs when you first turn on the shower. That captured water can then be reused for indoor plants, flushing toilets and many other uses! This is a great gift for folks who are looking for innovative solutions in saving and recycling water that would otherwise go down the shower drain, wasted.

*Can be found at your local hardware store or online retailer for around \$14.95*

**Shower Water Catcher**

8.

This water-wise gift comes with a vivid, vibrant, crisp, and clear LCD. This tiny waterproof shower timer shows the time, the indoor temperature, and humidity, all on one easy-to-read screen. Timing your showers is a fantastic way to save water.

*Can be found at your local hardware store or online retailer for around \$20.58*

**BALDR Digital Shower Clock with Timer**

9.

Enjoy a luxurious shower experience while boasting up to 30% water savings! The Forte 1.75 GPM showerhead provides three distinct sprays and is enhanced with “Catalyst Technology” that infuses two liters of air per minute delivering a powerful, voluptuous spray that clings to the body with larger, fuller water drops. This water-wise gift is perfect for the person in your life who wants to feel luxury while conserving water.

*Can be found at your local hardware store or online retailer for around \$86.31*

**Low flow showerhead**

## 10.

Control your sprinkler or irrigation system via the Eve app, Siri, or the onboard button. Effortlessly set up schedules that automatically water your garden independently of your iPhone and home network – even when you're on vacation. No more watching the water meter or flooding your garden thanks to the auto shut-off function. Keep track of how much water your garden is consuming. This battery-operated, weatherproof & UV resistant product is a perfect water-wise gift.

*Can be found at your local hardware store or online retailer for around \$149.95*

**Eve Aqua Smart Water Controller**

## 11.

Give the gift of peace of mind with indoor/outdoor water leak alerts delivered directly to your phone thanks to the Flume 2 Smart Home Water Monitor and Water Leak Detector. Flume allows you to be proactive about managing your water use by protecting the planet and your pockets. Flume will alert you to water leaks, create water use budgets, and notify you of potential water leaks and waste. Flume has helped customers save an average of 10-20% per month on their water bill.

*Can be found at your local hardware store or online retailer for around \$199*

**Flume 2 Smart Home Water Monitor**

## 12.

The RainMachine Touch HD offers control via an onboard touchscreen, a smartphone app, and a web interface. This RainMachine offers a huge range of optional weather services and provides deep, granular control over your irrigation system. This water-smart gift is the solution to conserving water and adapting your lifestyle to our climate.

*Can be found at your local hardware store or online retailer for around \$259*
